

**RSC Roadshow - Explore The Potential  
University College London**

Time	Session	Description of session
13:00	<b>How to get your work published in journals</b>	Do you know how to get your research published? Would you like some top tips on submitting an article? Join the publishing experts; journal editor-in-chief, associate editor, editorial board member and managing editor, and learn from the insiders about the best way to get your research recognised through publishing. This session is designed to be truly interactive, giving you an opportunity to ask questions and discuss with the publishing experts.
13:50	<b>The future of journals</b>	How would you like to influence the next generation of peer-reviewed scientific journals? We value your opinion and ideas. This discussion is designed so that you can discuss your ideas with a panel of publishing experts; journal editor-in-chief, associate editor, editorial board member, author and editor. It provides an opportunity for you to shape the journals of the future, to improve existing products, explore new publishing technologies and for your ideas to be heard.
14:40	<b>Best career opportunities for chemistry graduates</b>	Discussing the options available after finishing your PhD/PostDoc, looking at industry, academia and the tools of job searching.
15:30	<b>Refreshment break</b>	Tea and coffee served in the refreshment area
15:50	<b>Connecting to funding streams, science networks and industry</b>	Have you ever thought about the wider picture and how your research can influence the world? This workshop will help you to develop transferable skills, link your research to grand challenges/topical issues, obtain funding, build partnerships to support research and to tap into EU funding.
16:40	<b>Guest Speaker- Russell Morris</b>	Porous solids: From synthesis to application in medicine
17:30	<b>Drinks reception RSC Member Services &amp; Networks</b>	An opportunity to network with colleagues and RSC staff and guest speaker. Find out more about RSC Membership, join & renew.
