M30 - Preparing your Moodle course for the next Academic Year

Keywords: Moodle, rollover, course

This guide highlights various options to prepare your Moodle courses for the next Academic Year.

⚠️ If you have any queries, please contact the Digital Education team before changing any content.

Select the option that suits your situation regarding your Moodle Course:

<table>
<thead>
<tr>
<th>Rollover</th>
<th>Rollover from pre-2022 academic years</th>
<th>Current Year</th>
<th>New blank or template Moodle course</th>
<th>Other requests</th>
</tr>
</thead>
<tbody>
<tr>
<td>I want to <strong>rollover</strong> my current (2022/23) Moodle course content, and staff enrolments to a Moodle course for 2023/24, ready for next academic year.</td>
<td>I want to <strong>rollover</strong> a Moodle course from previous academic years (before 2022) with content, and staff enrolments to a Moodle course for 2023/24, ready for next academic year.</td>
<td>I want to <strong>rollover</strong> my course <strong>within the current academic year</strong> (e.g. Term 1 and Term 2 versions).</td>
<td>I want a <strong>brand-new Moodle course</strong> (based on an existing connected learning template or departmental template) or a duplicate of an existing course.</td>
<td>I want to rollover my course content to a Moodle course, but I need to <strong>discuss options</strong>, or am experiencing an issue.</td>
</tr>
</tbody>
</table>

- **M30a** - Duplicating your Moodle course with the CLC rollover tool
  - M30a1 - Course Rollover Tool: known issues
