This Summer there will be a significant increase and change in the practice to the later summer assessments process: Link to Late Summer Assessment changes.

To facilitate the changing combination of end of year tasks and later summer assessments we now request all Late Summer Assessments to take place on the 18/19 Moodle Snapshot which will be created on the 26th July. Digital Education will be signposting this information so students are aware. For more information on this change please see our wiki.
