Globally De-activating Portico Enrolments W/C 4th November 2019

Portico enrolments will be globally deactivated in Moodle in the week commencing 4th November 2019. This is usually done six weeks from the start of each term.

How will this impact students on my course?

- Students who are already enrolled on a Moodle course **WILL continue to have access to their course (s)** and **WILL NOT** be unenrolled.
- Students enrolling on Portico after the deactivation **WILL NOT** be automatically enrolled onto the corresponding Moodle course. Students can still be **manually enrolled**.
- Students who leave the course **WILL NOT** be automatically un-enrolled.

For more information, please see the [Globally de-activating Portico information page](#).
