Students (Participants)

Students are called Participants within the Blackboard Collaborate platform. Guidance for Participants is structured according to the information you may need before, during, and after a session.

This video guide (10 minutes) explains how to use and what to expect from the BB Collaborate platform and teaching session using the platform. This video has captions and a transcript.

Before a session
- Preparing for a session (Participant)

During a session
- Joining a Collaborate session (Participant)
- Participating in a Collaborate session (Participant)

After a session
- Viewing a Collaborate recording (Participant)

Help and support
- Participant Checklist
- Troubleshooting and FAQs (Participant)
