

Logging in to ALP

Lecturecast January 2018

This training guide describes the basic steps required to log in to Lecturecast ALP. Lecturecast ALP can also be accessed via any of your Moodle courses which have been linked to a Lecturecast section.

Logging in to Lecturecast ALP directly, enables quick access to content which has not yet been published to a Moodle course, e.g. recordings of non-modular events, personal capture recordings and presentations which you have created.

1. Log in to Lecturecast ALP

1.1 Navigate to [Lecturecast ALP](#)

Open [Lecturecast ALP](#) in your web browser.
