

3 Rivers and sea

Both jing and hé mean 'river':

Cháng Jīng 'Yangtze River'
The sound of 江 comes from jīng 'work'.

Huáng Hé 'Yellow River'
The sound of 河 comes from hé 'really'.

海 means 'sea'.

Shàng hǎi

All three characters have the three drops of water at the side. Remember to draw the third drop of water up from the bottom of the character (not down from the middle).
