

## H5P Activities - Currently Disabled

The following H5P activities are currently disabled within UCL Moodle.

Activity	Reason for holding
Audio	Unfortunately, this functionality allows Media to be uploaded directly onto Moodle and cannot be limited to our Media Server.
Audio Recorder	Unfortunately, this functionality allows Media to be uploaded directly onto Moodle and cannot be limited to our Media Server.
Iframe embedder	Allows embedding of uncontrolled content.
Speak the Words	Unfortunately, this functionality allows Media to be uploaded directly onto Moodle and cannot be limited to our Media Server.
Speak the words set	Unfortunately, this functionality allows Media to be uploaded directly onto Moodle and cannot be limited to our Media Server.
Twitter user feed	Already exists within Moodle Blocks. Duplicate functionality.
<a href="#">Appear.in</a> for chat and Talk	Appear.in service provider has rebranded and the activity no longer works properly. With other communication tools available in Moodle, such as Blackboard Collaborate, this activity is redundant.
