Use the Lecturecast system to schedule and manage lecture recordings of teaching events, add and share materials with participants via Moodle and monitor and gather information about your classes. The Lecturecast system is built around services provided by Echo360. The status of these services can be checked here.

These Wiki pages contain important information about how the system operates at UCL including guidance on scheduling and accessing recordings.

Quick Start

Step 1
Schedule the recording of a lecture using the Lecturecast Scheduler.

Log in to Lecturecast Scheduler

Step 2
Make the recording available to students via their Moodle course.

Log in to Moodle

Step 3
Edit and manage recordings using Lecturecast ALP.

Log in to Lecturecast ALP

*To appear on your available list of courses, you must first log into your Moodle course.

Legacy

The Lecturecast Project team have completed migrating all Legacy recordings to Lecturecast (ALP). The Legacy system has now been decommissioned. You can access all migrated content from legacy lecturecast on the Active Learning Platform (ALP). Please refer to the Guidance on the re-use of recordings from previous academic years. If you cannot access/find your content please contact digi-ed@ucl.ac.uk and we will allocate these recordings for you.
