Lecturecast Resource Centre

Use the Lecturecast system to schedule and manage lecture recordings of teaching events, add and share materials with participants via Moodle and monitor and gather information about your classes. The Lecturecast system is built around services provided by Echo360. The status of these services can be checked here.

These Wiki pages contain important information about how the system operates at UCL including guidance on scheduling and accessing recordings.

Quick Start

Step 1
Schedule the recording of a lecture using the Lecturecast Scheduler.

Log in to Lecturecast Scheduler

Step 2
Make the recording available to students via their Moodle course.

Log in to Moodle

Step 3
Edit and manage recordings using Lecturecast ALP.

Log in to Lecturecast ALP

*To appear on your available list of courses, you must first log into your Moodle course.

NEW

Lecturecast Live
Live streaming is now available for module-linked sessions in Lecturecast-enabled teaching spaces!
Visit the Digital Education team blog for an overview of the new feature.
Please see step 3.3 in the Lecturecast Scheduler ‘Create and Edit a Schedule’ guidance on how to schedule live streaming.

Re-using Lecturecast recordings from previous years
While we have been off campus, staff have created amazing videos to familiarize students to life at UCL or introduce the key principles and ideas ahead of teaching. To re-use this great content, please take a look at our Digital Education team blog.

Legacy
The Lecturecast Project team have completed migrating all Legacy recordings to Lecturecast (ALP). The Legacy system has now been decommissioned. You can access all migrated content from legacy lecturecast on the Active Learning Platform (ALP). Please refer to the Guidance on the re-use of recordings from previous academic years. If you cannot access/find your content please contact digi-ed@ucl.ac.uk and we will allocate these recordings for you.
